PVPSA announces matching donation campaign through MC Gives!

With your help, together we have raised 90 percent of our $3.1 million project! We now need only $300,000 in community funds to complete the project, and you can help us make this dream come true.

Between Nov. 8 and Dec. 31, any donation received through Monterey County Gives! will be doubled.

Montgomery County Gives! is a campaign that inspires local philanthropy and benefits a wide array of Montgomery County nonprofits. A collaboration between the Community Foundation for Monterey County, Monterey County Weekly and the Monterey Peninsula Foundation, the campaign raises and matches funds from local businesses, foundations and individuals who contribute to support and promote selected organizations.

Pajaro Valley Prevention and Student Assistance’s mission is to improve the quality of life of the students and families of the Pajaro Valley by providing health education, counseling and prevention services, and by advocating for public policies that protect the health of our community. PVPSA has made positive impacts on the lives of so many students, families and community members over 27 years.

Our new home will be located at 411 East Lake Ave. and we invite you to join us! Construction is well underway, and our goal is to move into our new location by 2019. We will then be able to serve all the children waiting for our services. This new home will be a warm, welcoming environment for children and families: a place where they will feel safe, supported and encouraged to move forward to a thriving life.

There are many ways to give and all donors big and small will be recognized in our new home. Visit our website — www.pvpsa.org — to donate through MC Gives! and find out more about PVPSA and our Kids Come Plus! Capital Campaign.
